JUDGE SAYS NISEI MISTREATED

SAN FRANCISCO CHRONICLE, MARCH 30.....Lieutenant General John L. De Witt's curfew and exclusion orders destroyed the businesses of the West Coast's 70,000 American-born Japanese as "if such citizens were enemy aliens," declared US Circuit Judge William Denman. This statement was made in dissent to the action of circuit court in passing to the US Supreme Court the two test cases of Gordon Kiyoshi Hirabayashi of

Seattle and Minoru Yasui of Portland, questioning the constitutionality of the Japanese exclusion order from the West Coast. Judge Denman objected on the grounds that the circuit court "is fully able to decide on the submitted question."

"These 70,000 American citizens, who have relied on the right the constitution gives them, were driven from their homes to internment camps, which is

in effect, deportation of American citizens 'without trial for their immediate imprisonment'—a violation of their constitutional rights."

To disprove the belief that all Japanese-descended people are treacherous, Judge Denman said not one of the 70,000 American-born Japanese has been indicted in any Federal court in this circuit charging espionage, sabotage or any treasonable act.

WRA ARRANGES AID FOR EVACUEES IN EMERGENCIES

Evacuees on leave from relocation centers who get into emergency financial difficulties may receive assistance under an agreement worked out between the WRA and the Social Security board, it was announced in Washington, today.

"The new plan," Project Director Ray D. Johnston pointed out, "does not in any sense imply that Center residents who go out on leave are likely to be unable to make ends meet. It simply means that when they run into a problem too heavy for them to solve alone, the facilities of relief and welfare agencies are open to them, as well as to established residents of the communities."

With summer approaching and increased rise in temperature our greatest concern is the formula for infants.

It is much wiser to use a prepared powdered milk that requires no refrigeration, one that can be easily prepared at the feeding time and also one that contains all the necessary calories and vitamins so vital to the growth and health of the baby.

We have found a milk that fits all our infant needs.

Mothers of infants are encouraged to bring their babies to the "Well Baby Clinic" any Friday afternoon in the hospital clinic from 2 to 4 o'clock.

The babies will be weighed and measured and proper directions given to the mothers on the preparation of SMA formulas and the proper amounts and schedules for the baby's needs according to age and weight.

The health in this camp has been excellent. Let's continue to keep it that way by safeguarding in time, the health of our babies.

HE WASN'T STUMPED

When most of us look at a stump, we see just a stump and that's that.

Yoshimatsu Mukai looked at a stump and saw a monkey which now sits atop his porch at 41-6-E and observes the passers-by with his wistful eyes. Whatever the season may be Mukai's yard is always filled with birds that he has similarly fashioned from bits of branches with a few deft strokes of his knife.

He is very modest about

his work and laughingly replies, "One minute," when asked how much time is required to make each animal.

Another person skilled in animal artistry is Senkichi Fukuyama of 39-3-F. Any visitor to barracks 3 and 4 in Block 39 will be greeted by a lizard, dog, shrimp or other animal made from branches by Fukuyama. Each animal sits upon an artistically designed porch made entirely of tree limbs.

CENTER-WIDE KITE CONTEST ACCLAIMED HUGE SUCCESS

Hand-made kites rode on the high wind of Saturday afternoon when kite-flying enthusiasts vied for prizes in the first Center-wide kite contest sponsored by the community activities section.

In the regulation events Bob Hamamoto won first prize in the 8 years and under group, with Nobuo Yoshida placing second; and Morio Kiba, third. In the 9 to 12 years group, Kenji Harada took the first prize, closely followed by Frank Hayashida, second, and Nob Toyama, third. T. Kume was the first prize captor in the 16 years and over group, winning over Hishiyama, second placer; K. Yamamoto, third; Kimura, fourth; and B. Harada, fifth.

Highlighting attractions of the afternoon were the novelty kites which gave close competition for the awards. Yoshimoto pulled in first prize with his flying "paper skate"; Shiro-ma with his "eagle perching on a globe" snatched the second prize; Hishiyama went up with a rectangular kite to come in third; K. Yamamoto fanned in fourth with a full-blowing fan, which also received the "most beautiful" award; T. Kume and his "doodlebug" captured both the fifth and the "most novel" prize.

Kimura sailed in sixth on the strength of his "monoplane"; and A. Inoue flew in seventh with his "bi-wing airplane," as well as a parachute-drop exhibition.

Judges were Captain Russell P. Hastings of the Military Police; J. H. Raines, assistant project director; C. B. Price, director of community activities; and T. Kume who judged only during the boys' matches.

Master of ceremonies were Kats Nagai and Kenji Muraoka; instructionist, Jack Kiba. Boy scouts of Troop 93 participated in keeping the field clear, while all bamboo distributed for the entrants were gathered by the Rohwer Boy scouts.

SNAKE BITE RULES

The average mortality from bites of the American venomous snakes was estimated in 1908 as a little more than 10 per cent of those bitten, but with modern methods of treatment fatalities have been reduced to less than 4 per cent.

The chief precaution in cases of snake bites is to prevent systemic absorption of the venom from the quantity in the tissue immediately surrounding the area. To accomplish this, action must be prompt. Local treatment is of greatest importance, and in addition the patient should be kept as quiet as pos-

sible.

Next week there will be a list of do's in case of a snake bite, but in this issue are a few of the don'ts.

(1) Don't run or get overheated.

(2) Don't take any alcoholic stimulants.

(3) Don't injure the tissues by injecting potassium permanganate, which is of no value as an antidote.

(4) Don't cauterize the area around the bite with burning gunpowder, strong acids or any other ways.

(5) Don't depend upon reputed snake-bite "cures" commonly used.

EDITORIAL

A NEW EXODUS

As the pace for relocation continues and each day brings forth new recruits who would venture out into scattered portions of the United States, many familiar faces and acknowledged leaders will soon be gone. It will be difficult to find replacements for them, and it is hard to bid them farewell for we may never see some of them again.

Yet, these people are departing--knowing that they are going into a new life -- as ambassadors of the evacuated Japanese and as pioneers into new communities, far different from those to which they were accustomed. The courage and optimism that are required for resettlement will aid them gain a place in the American society that they have been born into, but they will have trials and they will have momentary longings to be back with their friends.

And this is another evacuation, voluntary in character and personal in scope. But it will carry the same individual idiosyncrasies that were ours last April and May.

Six on our staff have already left for the outside: Venerable Sus "Moe" Hasegawa, associate editor; efficient Bob Takahashi, business manager; and Naomi Kashiwabara, ace reporter; Jiro Aratani, sports writer par excellence; Tom Nakamura, reliable reporter; and Jun Kasa, former technician.

Other departments in the Center have suffered like depreciation in useful men. In dedication to the spirit and the foresight of these departing individuals, we hereby dedicate this issue of the OUTPOST to them.

GAELS BEAT BOJANGS

April 7, 1943

TOM KIRIU SHINES AS BOJANGLES COLLAPSE

A deadly-shooting Stockton Gaels, coming out with every conceivable basketball skill, stunned a capacity Sunday crowd by decisively routing the high-scoring Los Angeles Bojangles, 49-35, at the high school field.

The defeat of the Bojangles, their second loss, practically eliminates them from the championship contention. Coach John Shimakawa's five could annex the title this week if they can get by the speedy A-Jays and if Lodi, the other present co-leader, is dumped by the Royal Dukes. Both crucials are slated for Saturday afternoon.

With elongated Tom Kiriu, former Lodi prop cager, surprising the game with his unstoppable looping pivot shots, the Gaels turned in a red-hot performance that sped on all five cylinders.

With all-star Tosh Ihara, Southland's outstanding gift to Rohwer's casabedom, and Kiriu putting on a two-man show by matching basket for basket, the first half was close all the way with the Gaels holding an 18-15 lead midway.

The loss of guard Dave Komatsu, who left for Michigan the previous day, and lack of reserve strength started to tell on the tiring Bojangles in the final two periods, as the Gaels pulled away with ease by dumping 31 points through the ring.

RAMPAGE MIRROR TWINS BREAK SCORING RECORD AGAIN

The A-Jays have done it again! It seems as though they can just go on a spree when they are ambitious, and make it a habit to break records. Sunday they set two more marks, breaking their own team scoring and individual scoring records, as they swamped the Hawthornes, 76-56. They shattered their team score by 5 points when they filled the score books for 76 points. As if that weren't enough, Tak Kawagoe smashed through for 33 digits, breaking by 3 points the old record, which was held jointly by himself and his other half, Hiro Kayasuga. Between them, the now famous Mirror Twins entwined 59 counters. Little Kayasuga displayed his usual all-around flashiness by snatching away balls from opponents, taking left-handed hook shots and feed-

In a warm-up game for the coming "do or die" cage titanic with the powerful Royal Dukes Saturday, the first place Lodi YMBA Golden Avalanches swept aside the youthful Mr. Smiths, 55-33, Sunday at the high school field.

Southpaw George Kagawa rang 16 points, twelve of them in the last half, to lead the Avalanches to an easy victory.

Half-time score stood 26-16 in Lodi's favor.

MIRROR TWINS STRETCH SCORING LEAD

The A-Jays' sensational scoring machine, the Mirror Twins, just about sewed up the National league scoring race when they went on another rampage.

Hiro Kayasuga made 26 points to stretch his lead to 144 points, while Tak Kawagoe broke his own scoring record with 33 markers to creep within 8 points of Kayasuga.

A-Jays Outscore Hawthorne

(Continued from page 7) ing Kawagoe, as usual. Limping Kawagoe played more or less an offensive game due to his ankle injury which he is still nursing.

Heavy scoring for the Hawthornes was done by Tamura, who swished in 24 points.--Butch Hayashi

SHIROISHI TOPS LIFTERS

On a windswept platform at the high school field, 10 of the strongest men in the Center met in a weightlifting contest, which saw Shig Shiroishi walk off with the winner's laurel when he took honors in every event.

Shiroishi, 145 pounds, is a former Alameda YMCA star performer, and for his weight he was considered the outstanding lifter in the United States.

To Shiroishi, Hiro Okada and Kam Kamifuji, the affair was a farewell performance since they departed for Montana Monday. Shiroishi's winning marks were: Press, 215 lbs.; Snatch, 205 lbs.; and Clean and Jerk, 260 lbs.

DUKES WHIP HORNS 40-29

Keeping their winning ways since defeating the Gaels, the Royal Dukes drubbed the Block 28 Green Horns, 40-29. The score was not what it could have been considering that the Dukes were playing the Green Horns but Coach Mike Tomiyama used his reserves freely which enabled every player to get in the game. The first quarter score showed the Horns leading 4-2, but their lead was short-lived when the Dukes finally got their range. Half-time score showed the Dukes leading comfortably at 35-10.

Lanky Bill Hattori, who was more than a headache to the Dukes with his fighting spirit and under-the-basket retrieves, led the scoring column with 17 points. As usual the Dukes were led by Jin Kusumoto with 11 and Icy Hasama with his team leadership.

Gaels Rout Bojangles

(Continued from page 7) with uncanny efficiency, Jiro Okinaga turned in a sparkling game for the winners, while Sam Nakamoto played his usual steady, all-around playing for the Bojangles.

Shiro Mizufuka tallied 11 points to lead the point-making for the Bojangles.

In a breather the Gaels swamped the Hawthorne Y's 48-26 Saturday. Sadao Baishiki scored 14 points to lead the one-sided win.

CARDINALS TRIM VANDALS

An expected close game was played Saturday as the embittered Cardinals dumped the fighting Vandals, 39-32. The game was closely fought all the way with the Cards leading the scoring column in every period with 9 points separating the two teams in the third quarter for the widest margin of difference in scores during the entire game. The Vandals, minus Sanji Teranishi, put up a valiant fight during the last quarter but didn't have the necessary scoring punch to endanger their opponents. Easy going Sanji Fukuyama, flashing signs of his old time form, walked away with scoring honors with 14 points for the Stockton Cards. Forwards Sakata and Dick Shimasaki contributed 9 points apiece for the Vandals.

Sato New Mens' Athletic Head

Henry Sato of Stockton has been named new director of men's athletics, announced George Suzuki, athletic head. Sato, who was basketball commissioner, succeeds Art Hisaka, who resigned to accept a position in the agricultural department.

Simultaneously Peto Ihara, Bojangles' shifty forward, was appointed basketball commissioner replacing Sato.

With boxing commissioner Hank Yonemoto and football head Dave Komatsu leaving the Center, Yone Iguchi and Ted Shironaka were commissioned as chief of the two positions, respectively.

Yonemoto left for Chicao and Komatsu went to Zeeland, Mich.
